Firsts: The very different first drafts of 13 classic sci ... Great ideas don't often spring fully formed out of the air, and nowhere is that more apparent than in the business of making movies. Films often go through a long, sometimes torturous process that Hollywood studios call "development," and along the way, an original concept or story can be radically changed - sometimes for the worse, but sometimes for the better. Kill and Replace - TV Tropes A doppelganger, Shape Shifter (in a speculative fiction setting) or an identical twin for more mundane stories seeks to kill the original and take their place. If they're quick and quiet, nobody will suspect a thing until it's too late. If the murderer is a full-on Shape Shifter, this technique may well be employed iteratively to pierce increasing layers of security.
